

BioEnz® is an odor eliminator that contains a highly effective odor counteractant system and a synergistic blend of specialized strains of non-pathogenic bacteria. These colonies have been chosen for their ability to produce specific enzymes that digest organic matter, thus removing the source of foul odors permanently.

DILUTIONS

- Severe odor: Do not dilute; use full-strength.
- Moderate odor: 1 part with 8 parts of water.
- Mild odor: 1 part with 16 parts of water.

DIRECTIONS

- 1) Shake well before use.
- 2) Always test for color stability before use.
- 3) When treating affected area, saturate completely; the longer the area stays damp, the longer the bacteria will be able to digest the source of the odor.
- 4) For carpet, spray directly onto or inject beneath surface. For upholstery, spray directly onto affected area.
- 5) Allow treated areas to dry naturally.

TECHNICAL DATA

pH at use dilution	7.20
Compound type	nonionic
Water solubility	complete
Freeze/thaw stable	yes
VOC compliant	yes
Shelf-life, years	2

AVAILABLE SIZES

US gallon . 55-gallon drum

ADVANTAGES AND USAGES

- ▶ Contains more enzyme-producing bacteria than any other odor eliminator on the market.
- ▶ Highly effective odor counteractant system for immediate results.
- ▶ Alters odor molecules in such a way that no offensive smell can be detected.
- ▶ Digests urine crystals, vomit, food and many other biotic substances.
- ▶ Excellent for use on carpet, upholstery, draperies and hard surfaces.
- ▶ User safe. Environmentally friendly.

CUSTOMER INFORMATION

Hypoallergenic when dry.
Reduces indoor air pollution.
Natural and environmentally friendly.
Nontoxic. Biodegradable.
