

# KLEENRITE CHEMICAL

*Faster Cleaning • Better Performance • Safer Solutions®*

Dry Cleaning Concentrate provides exceptional cleaning results on all fabrics, especially bleeders, crushed velvets and latex backed drapes. It contains color brighteners and leaves a pleasant scent. Our non-chlorinated formula has a fast drying time, and is recyclable for added savings.

## DILUTIONS

- Upholstery: US: 18 ounces per gallon of Kleenrite OMS.  
Metric: 150 milliliters per liter of Kleenrite OMS.
- Drapery: US: 4 ounces per gallon of Kleenrite OMS.  
Metric: 30 milliliters per liter of Kleenrite OMS.

## DIRECTIONS

- 1) Shake gently before use.
- 2) Always test for color stability before use.
- 3) Pour ready-to-use solution into solution tank of solvent compatible equipment.
- 4) Proceed to cleaning using overlapping strokes.
- 5) If desired, KleenGuard® solvent base protector may be applied immediately after cleaning.

Note: Used solution may be reclaimed and recycled for further use. Amount of reclaimable solution will vary according to soil conditions and fabric absorption rate.

## TECHNICAL DATA

pH at use dilution .....	na
Compound type .....	dry solvent
Water solubility.....	insoluble
DOT restrictions .....	none
Freeze/thaw stable .....	yes
VOC compliant .....	yes
Shelf-life, years .....	10+

# Dry Cleaning Concentrate

[ contains no water ]  
[ for upholstery & draperies ]

## AVAILABLE SIZES

US gallon . 55-gallon drum
