

Enzyme Spotter

[enzymatic stain neutralizer]
[organic soil, protein & urine digester]

Enzyme Spotter has a high, broad spectrum, enzyme concentration that will effectively remove stains caused by urine, vomit, feces, food and other biotic substance. This formula will also perform well against other stains, such as grease, oil and protein. Although, primarily used as a spotter, this product may also be used as an overall or traffic lane prespray.

DILUTIONS

Spotter: Do not dilute; use full-strength.
Prespray: US: 21 ounces per gallon of warm water.
Metric: 165 milliliters per liter of warm water.

DIRECTIONS

- 1) Shake gently before use.
- 2) Always test for color stability before use.
- 3) For spot removal, apply to affected area. Agitate, and allow to dwell for 10 minutes. Extract or rinse thoroughly.
- 4) For use as a prespray, mix well with warm water (not to exceed 140°F (60°C)). Apply with a sprayer; allow to dwell 10 minutes. Extract.

TECHNICAL DATA

pH at use dilution 7.00
Compound type nonionic
Water solubility complete
Freeze/thaw stable yes
VOC compliant yes
Shelf-life, years 2+

AVAILABLE SIZES

US gallon . 55-gallon drum

ADVANTAGES AND USAGES

- ▶ Effective against urine crystals, food, vomit, feces, blood, protein and other biotic substances.
- ▶ For use on wool and other natural fibers.
- ▶ Safe for use on all New Generation Carpet.
- ▶ High enzyme and detergent concentration.
- ▶ Excellent penetration properties.
- ▶ User safe. Environmentally friendly.

CUSTOMER INFORMATION

Hypoallergenic when dry.
Does not leave residue; rinses completely.
Nontoxic. Biodegradable.
