

Rust Buster™ is a highly effective rust stain remover that can be used on all water-safe carpet and fabric. This product will quickly remove stains left behind from upholstery buttons, metal furniture legs and other types of iron deposits.

DILUTIONS

Once container is filled with water, this product is ready-to-use.

DIRECTIONS

- 1) Shake dry contents within container. Fill container with warm water to approximately 4 inches (10 cm) from top; this will allow room within the container to shake thoroughly. Tightly replace cap. Shake until dry contents are completely dissolved.
- 2) Always test for color stability before use.
- 3) Apply to affected area. Allow to dwell 1 to 2 minutes. Agitate if necessary.
- 4) Extract or rinse thoroughly. Blotting with a white absorbent cloth treated with non-sudsing ammonia to neutralized area is acceptable when an extraction unit is not available.

Note: Once mixed with water, this product will remain stable and active if kept tightly capped.

TECHNICAL DATA

pH at use dilution	3.10
Compound type	nonionic
Water solubility	complete
Freeze/thaw stable	yes
VOC compliant	yes
Shelf-life, years	10+

AVAILABLE SIZES

US gallon
