

SUEDEGUARD®

For use on suede, nubuck or "absorbent" leather.

LeatherPlus® SuedeGuard® has been formulated to protect suede, nubuck and any "absorbent type" leather. Developed specifically for these hard to maintain leathers, this solvent base product will provide significant protection against both oil and water base stains.

DILUTIONS

Do not dilute. This product is ready to use.

DIRECTIONS

IMPORTANT: Do not use on protected or topcoated leather.

- 1) Shake gently before use.
- 2) Always test for color stability before use.
- 3) Apply with a trigger or low pressure sprayer (less than 40 psi); do not use an electric sprayer. Lightly spray directly onto clean leather surface, using overlapping passes to ensure uniform coverage.
- 4) Allow to dry for 24 hours before use. Full cure protection will be complete in 12-24 hours.

TECHNICAL DATA

Compatibility.....absorbent leather
 pH at use dilution na
 Compound type dry solvent
 Water solubility none
 DOT restrictions.....none
 Freeze/thaw stable yes
 VOC compliant yes
 Shelf-life, years 4
 Coverage, upholstery 3 oz/linear foot (290 ml/linear meter)

AVAILABLE SIZES

quart

ADVANTAGES AND USAGES

- ▶ Safe for use on suede, nubuck and all "absorbent type" leather.
- ▶ Advanced fluoropolymer technology; does not contain silicone.
- ▶ Reduces evaporation of natural oils found in leather, thus maintaining it's resilient and supply texture.
- ▶ Protects against fading.
- ▶ Increases resistance to abrasion and wear.
- ▶ Does not contain PFOS or PFOA.

CUSTOMER INFORMATION

Hypoallergenic when dry.
 Does not leave soil-attracting residue.
 Penetrates leather to protect against oil and water base stains.
 User safe. Nontoxic. Biodegradable.
